

The Canadian Labour Bibliography/ la Bibliographie du mouvement ouvrier canadien

by/par Marcel Leduc and/et Douglas Vaisey

THERE ARE THREE matters concerning labour bibliography which need to be drawn to the reader's attention. Most important is the addition of Marcel Leduc (Université de Montréal) to the bibliographic team. In order to improve the coverage of Quebec labour literature the editorial board recommended that a French-Canadian specialist assume responsibility for the francophone literature. Followers of the bibliography will note a distinct improvement in coverage of Quebec material.

In response to requests for submissions of materials missed in previous bibliographies, André LeBlanc, Gregory S. Kealey, and Glen Makahonuk each sent considerable material and critical suggestions. The "Update" section of the bibliography, which will appear in the next issue, is richer for their contributions.

Special attention should be drawn to a recent publication by Elizabeth Perry. *Bibliography of Masters and Doctoral Theses on Canadian Industrial Relations from 1967 to 1978* (Toronto: Centre for Industrial Relations, University of Toronto 1981) provides thorough, complete coverage of thesis literature with an excellent subject index. It is an essential tool for labour historians.

À L'OCCASION DE CETTE nouvelle édition de la bibliographie du mouvement ouvrier canadien, nous vous communiquons quelques nouvelles.

Afin de poursuivre et d'améliorer le répertoire de la littérature sociale québécoise, nous avons fait appel à un collaborateur francophone. C'est ainsi que Marcel Leduc (Université de Montréal) participe dès maintenant à la bibliographie de la Revue.

La section "mise-à-jour" bibliographique bénéficie dans le prochain numéro de la contribution critique de Gregory S. Kealey, André LeBlanc et Glen Makahonuk. Ils ont répondu à notre demande afin d'apporter des corrections à la bibliographie. Nous les en remercions.

Nous soulignons que Elizabeth Perry, du Centre pour les Relations industrielles de l'Université de Toronto, a publié récemment un ouvrage de référence: *Bibliography of Masters and Doctoral Theses on Canadian Industrial Relations from 1967 to 1978* (Toronto: Centre for Industrial Relations

1981). Cette bibliographie présente un inventaire substantiel de thèses et se complète d'un excellent index/sujets. Elizabeth Perry met à la disposition des historiens du mouvement ouvrier un outil de précision.
